

DIGITAL RADIO BROADCASTING CANBERRA PTY LTD

ACN 627 555 695

Level 2, 257 Clarendon Street, South Melbourne VIC 3205

COMMENCEMENT OF DIGITAL RADIO TRANSMISSION IN CANBERRA

Please be advised that Digital Radio Broadcasting Canberra Pty Ltd (**DRB Canberra**) has been granted Digital Radio Multiplex Transmission Licence No 10503410/2 by the Australian Communications and Media Authority and is scheduled to commence digital radio test transmissions in the Canberra region. Please refer to the table below for details.

Area Served	Canberra
Site address	Broadcast Australia site, Black Mountain Tower, Acton ACT
Testing period	27 June 2019 to 19 July 2019
Service Commencement Date	19 July 2019 (subject to confirmation)
Maximum ERP	20,000 W
Antenna Height	163 M
ACMA Site ID	9580
Frequency	201.072 MHz
Polarisation	Vertical - linear

During the test period, transmissions may vary in power and/or duration while the system is being tested and any possible interference to existing services is being assessed.

As part of DRB Canberra's licence requirements, we are in the process of notifying users of radio frequency spectrum in the area including TV and radio broadcasters, health departments, hospitals, ACMA, FTV and local councils. Please consider this letter your notification.

Test transmissions may cause interference to radio communications equipment or television reception. In the unlikely event that users of radio frequency spectrum or members of the public experience interference, please email NetworkOperationsCentre@BAICommunications.com
